Interim Management Report

Dear shareholder,

I am pleased to present the interim report and accounts for the six-month period to 31 October 2022 for Citius Resources Plc.

The Company was formed for the purpose of acquiring a natural resources asset, in June 2022 the Company agreed terms with the vendors of AUC Mining (U) Limited the holder of the Kamalenge Gold Project (the "Acquisition") which is in the Mubende Gold District in Uganda. The Company is now well progressed in its due diligence and is nearing completion of the transaction. The Kamalenge Gold Project is a highly exciting project given the exploration work to date and indications that it may host a high-grade gold project with the potential for near term production.

The Company is now well positioned to complete the Acquisition which would constitute a Reverse Take Over under the Listing Rules and accordingly, the company would apply for re-admission of its shares to the Official List and the Main Market of the London Stock Exchange.

I would like to thank the board and advisory team for all their hard work over the past six months and we look forward to further updating shareholders and the market in due course.

Cameron Pearce
Chief Executive Officer
